SUMMARY

Frontend Developer with 2.5 years of commercial experience building and maintaining responsive, production-facing web interfaces. Strong foundation in JavaScript, HTML, CSS/SCSS, responsive development, and translating designs into polished user experiences. Experienced in working within established web applications and collaborating with designers, developers, marketers, and stakeholders. I have also built projects using React, Next.js, TypeScript, and REST APIs, and I'm especially interested in product-focused frontend development and creating intuitive experiences for real users.

TECHNICAL SKILLS

Frontend: JavaScript, TypeScript, React, React Native, Redux Toolkit, Next.js, HTML5, CSS3, SCSS, Tailwind CSS, Responsive Design
Backend: Node.js, Express, REST APIs, PostgreSQL, Prisma
Tools: Git, GitHub, Figma, Webpack, Gulp, Adobe Photoshop

SOFT SKILLS

Adaptability, Attention to Detail, Collaboration & Independence, Growth Mindset, Problem-Solving

WORK EXPERIENCE

Mnovation, Seoul, South Korea March 2024 – August 2026
Frontend Developer

- Built and maintained responsive, production-facing interfaces using HTML, CSS/SCSS, JavaScript and Classic ASP.
- Developed reusable UI components, interactive landing pages, and responsive layouts within established commercial web applications.
- Contributed to major website renewal and redesign projects, translating Figma designs into polished desktop and mobile interfaces.
- Collaborated with designers, developers, marketers, and stakeholders to deliver new features and UI updates, while resolving cross-browser and responsive-layout issues.
- Mentored a new colleague and an intern on frontend workflows, implementation practices, and code quality.

EDUCATION

Novosibirsk State Pedagogical University, Novosibirsk, Russia 2017 – 2022
Coursework toward B.A. in Pedagogy (Foreign Languages)

CERTIFICATIONS

- Meta Front-End Developer
- Meta React Native Specialization

LANGUAGES

Russian – Native, English – Advanced (C2, EF SET Certified), Korean – Advanced
